AN ESTABLISHED STRUCTURE FOR 2021-2022

The Legislative Policy Council (LPC) has established an improved structure for ARDA's most influential members who are interested in state and federal legislative efforts, to provide direction for ARDA Staff and to establish priorities for future legislative action. This Council replaced past legislative structures including state committees* (e.g. ARDA Florida, ARDA Carolinas, LARPAC). Invoices for participation will be included with membership billing which takes place in late summer/early fall. The dues amounts are based upon current working agenda as approved by Council members and are projected to be in line with past historical spending. The 2021 dues amounts billed will be the final amount charged to members for the upcoming legislative year.

The format for the Council is as follows:

FOUNDER / LEADER / ADVISOR

Note: Leg Policy Council has 3 tiers with a hierarchy of benefits/access. Council Membership is ONLY available to Developers or Exchange Companies (except for the non-voting Supporter or committee category which is defined later in this document)
